

# Mission

Rahbar College of Nursing to ensure accessible and affordable quality **healthcare** by compassionate medical professionals to be all the center of excellence for medical research and academics.

To cultivate an environment of trust, honesty, mutual respect, equality and ethics. We strive to provide with a professional skill and knowledge to nurses to serve humanity with dignity, responsibility and dedication. We educate, train and inspire the young people in the science of healing and the art of communication. Rahbar College of Nursing has a deep commitment to advancing health care in the country and region. That patient-focused drive is supported by our mission.

# Vision

Rahbar College of Nursing will be providing with a meaningful, quality nursing education for a successful and rewarding career to continuously strive for excellence in service and clinical quality to distinguish us with our patients and other customers

# Philosophy

Rahbar College of Nursing to believe that learning is a lifelong process, in which knowledge is prospered in cognitive, psychomotor and effective domain in an atmosphere for professional support, guidance, for inquiry and expression.

We believe that nursing faculty is committed to facilitate students to develop knowledge, skills and competence in nursing process and critical thinking. They have knowledge to appropriate intervention in response to present and emerging need of society.

We believe that nurses integrate concept from Bio psychosocial science and implement it in to clinical practice, teaching, supervision, consultation, and research

# Goals
